## Reviews

### "A review of your city"

My name is (Ali) and I live in Damietta, which is between Port Said and Mansura . Damietta is beautiful. There are attractive buildings . Damietta is famous for its beautiful furniture. It is also famous for its dairies and sweets. There isn't a lot of traffic so there isn't pollution. There are lots of things to do here. On Friday afternoons, I often go fishing with my family. Damietta has a beautiful resort called Ras el Bar which has wonderful beaches. On Tuesday, I have football lessons at the sports centre at 8 am. Sometimes I go swimming in the afternoon with my friends. To conclude, I advise all people who want to have fun and enjoy their time to visit Damietta . You will never get bored !

### "Something you bought online"

In fact everything in our life has positive sides and negative sides as well! No one can deny that online shopping has become more and more popular nowadays .Last week, I saw that my parents were interested to have a coffee machine. So, I decided to get them a good one. I bought it as a present for them. They are very happy with it. It helps mum make the coffee dad likes. It looks great in their kitchen and it is easy to use. It is also quiet. It makes delicious cups of coffee. The delivery was quick, too! I only waited for one day! The price was really good. It was really a good deal . I recommend that you buy one like it.

### Types of transport

Transport is very important in our life. It makes our life easier and more comfortable. It also makes our life faster. I love travelling by train because it's interesting to look out of the window. In one journey, you can see ferries crossing the Nile, green valleys, peaceful villages and busy cities. Trains are often fast and comfortable, too. Egypt has the oldest railway in Africa. More than 800 million passengers travel by train in Egypt every year on 5,000 kilometres of railway! Lots of people in Alexandria use the tram to travel around the city. It's a great way to travel! It's easy to use and it isn't expensive. Trams are electric, so they are better for the environment than other types of transport. You can use buses, taxis and the underground.

## Egyptian handicrafts

In fact , Egypt has a long history of making beautiful handicrafts. They can be carpets, baskets and colourful pots. It can be made from wood, leather or wool. They can be decorated with colourful things. Some people like them to be traditional and others like them to be modern. I need to buy some handicrafts from the shops and markets in my area. The south of Egypt is famous for its beautiful handicrafts. People who live here sell carpets, baskets and colourful pots. Some women in a village near Aswan also make beautiful handicrafts from the leaves of trees. In other parts of Egypt, people make handicrafts from wood and leather. These handicrafts are very popular with tourists, and help the Egyptians to earn money.

## The best and the worst items of technology in my house

We all agree that technology plays a great role in our life. Of course technology has changed our life and it is a must to use it in modern life. Smart TV sets, mobile phones and laptop computers are almost in all of our homes. The best item of technology in my house is the smart speaker. I bought it as a present for my sister. She was very happy with it. It looks great and it is very easy to use. We can use it in our television or to play music. It gives us excellent sounds. The worst item of technology n my house is the toaster. I got it as a present from one of my friends. It looked good in the kitchen. However, when we used it, the bread turned dark brown. I was not very happy with it. It was horrible.

## A visit to the pyramids

Last week, our school went on a trip to the Pyramids. It was my first time to visit and see the Pyramids. I spent a very beautiful day there. I enjoyed riding a camel and a horse. There were a lot of tourists from all over the world. I spoke with them in English. Our great ancient Egyptians were really great builders and engineers. I knew that they built the Pyramids at first as tombs for themselves. I'd like to invite you to come to Giza and visit them. Really, you will enjoy and learn a lot of things. It was a nice day.

## Short Story

A story you read

My favourite story is Alice's adventures in Wonderland. It's a children's story by Lewis Carrol. He wrote it in 1865. Alice is the main character of the story. She is a clever girl.

She's also sensible. She goes to Wonderland and meets a lot of interesting characters there. She meets the White Rabbit who is always busy and in a hurry. The Cheshire Cat is a funny animal. He has got a big smile and he is very friendly. He tells Alice about Wonderland and helps her to find different places and characters. The Queen of Hearts is not very nice. She is a scary person. She is always angry and she shouts at people. Alice is brave, so she is not frightened of her. At the end of the story, all the characters help Alice so she can go home again. I learned from this story that friendship is very important for us.

## A biography

Sports man / role model / famous person

Mohamed Salah is the person who I admire most. He was born in a village in Gharbia. He is polite and hardworking. He has played for many teams. He also plays for the Egyptian National Team. He scored many goals for our team. He played for Roma Team. Now, he plays for Liverpool in England and scored many goals. Liverpool is a very good team. I like the way by which they play. Players are so active and present great shows and good results. This happened after Salah's joining to them. Salah added much speed to the team. Salah has got a lot of important awards in Africa and Europe.
